WINDY HILLS DISTRICT LIBRARY

A black and white photograph of a grand, classical-style entrance. The entrance features a large pediment with the word "WELCOME" inscribed on it. Below the pediment is a wide doorway with two large, dark, paneled doors that are swung open. The doors are held open by heavy-duty hinges and have horizontal bars across them. The doorway is flanked by two large, round, white light fixtures. The interior of the doorway is dark, suggesting a deep space. The overall style is formal and elegant.

**TO THE**

**1961 MARINER**

As a compass guides the mariner on the sea, so a school guides the student within its walls. When a school marks fifty years of such guidance, some recognition should be paid to that school. For this reason, we, the class of 1961, dedicate the 1961 Harbor Mariner Yearbook to Harbor High School, on its fiftieth anniversary of service to the community.

The ground for the present Harbor High School building was broken early in 1911. The architect for the building was Mr. Geralomin, and Mr. Nixon headed the contracting firm. The construction of the building was completed in the summer of 1912, and the first classes took their places on September 8, 1912. Harbor High School was formally dedicated on October 11, 1912.

On the opening day of Harbor's first session, 11 members of the faculty and 134 students were present. The first superintendent of their Harbor High School building was W. E. Wenner, and the first principal was P. C. Bunn. Some of the courses offered in the first curriculum included Physiology, Reading and Oral Expression, and Business Correction and Spelling.

Through the years, Harbor High School has had several far-sighted administrators at its helm. After Superintendent Wenner's death in 1948, R. S. Lanham became superintendent, and has held that position for the past twelve years. The principals following Mr. Bunn were F. S. Moffett, J. H. Booth, H. A. Vollborn, J. A. Fawcett, and our present principal, R. M. Meehan. The curriculum also has changed. Physiology has become a part of the biology program. Reading and Oral Expression and Business Correction and Spelling have been absorbed into our English programs.

# THE CLASS OF 1961 SALUTES HARBOR'S FIFTY YEARS

Harbor has grown greatly in the fifty years of its existence in the present high school building. The first class graduated in June of 1912, since the auditorium and gymnasium were ready at that time. This first graduating class numbered 23 persons. This year the class of 1961 in June will graduate 89 persons. The original faculty of 11 has become one which now numbers 38. The tremendous growth of the school population has necessitated the expansion of school facilities. In 1912, the students used 21 classrooms and one gymnasium. In 1954, the home economics department was moved from room 4 into its present location in the old Print Shop. Its former room was converted into a biology laboratory. The Fawcett Gymnasium was built in 1953, and the Print Shop was moved into the old gymnasium. In 1959, the Topky Memorial Library was completed and dedicated, and the Harbor Public Library moved from its former three rooms in the high school building into the new library. The former library was changed into a conference room and an enlarged biology department. The most recent addition to Harbor High is the language laboratory, used by all of the language classes. It features individual microphones and earphones, a tape recorder, and a phonograph. Thus the students presently attending Harbor High School use 31 classrooms plus a gymnasium about twice the size of the original gym. A school of this size is certainly important in leadership to its students and to the community.

Since the Ashtabula Harbor Exempted Village School District has now become consolidated with the Ashtabula City School System and the Saybrook Local School System, and because after this year Harbor High School will no longer be a separate unit, we of the class of 1961 feel that it is appropriate to dedicate this last yearbook of Harbor High School to that school, which has guided so well our class and those classes that came before us. Thus, we salute Harbor High School as it celebrates fifty years of leadership, guidance, and service.

# SENIOR CLASS OF 1961 . . .

Events have made you a class that will have historical significance. You are the last class that will graduate and receive a diploma from the Ashtabula Harbor Schools.

Graduation should have special significance to you for it represents your first formal educational achievement. It has a special meaning to me, too, because I became your superintendent when you entered the first grade. I hope that for these twelve years we have made progress together.

What have been your achievements during these twelve years? Individually, they have been too numerous to mention. You have developed thoroughly, physically, mentally, scholastically, emotionally, spiritually, and socially.

I have also seen great progress in these twelve years. The school population has doubled, a new gymnasium and physical education facilities have been added, an addition has been made to the Washington School, and the Thomas Jefferson School has come into being. These are only some of the physical improvements. Our curriculum has been in constant development. You, too, have had a part in all this growth

and expansion. Remember, too, that most of these developments would never have happened if your parents and the citizens of our school district had not been interested in good education.

I can provide you with no one formula for success. Each of you will be successful or a failure in an individual way. We are all born free but what we do and represent will determine the record we make. I would suggest that each of us establish goals and set up standards as guides in achieving our goals in life. One thing is sure, if we are to be free, we must think clearly. We must be able to separate truth from propaganda if we are to achieve and receive any desirable recognition in life.

The first goal has been hurdled. Now, set up higher goals. Work hard and expend yourself for what is of value to you. If you give of your best ability and talents, you will find yourself leading others. If you follow the course of least resistance, you will lose your personal freedom and be herded and exploited by those who do expend themselves.

The Board of Education, faculty and community have helped provide you the foundations on which success is built. They wish you to search for the road and will applaud when you succeed and have a happy and purposeful career. Ralph S. Lanham, Superintendent--

# PRINCIPAL MEEHAN AND THE HARBOR SCHOOL BOARD

Mr. Raphael M. Meehan has been Principal of Harbor High School for the past eight years. He received his B.S. degree from Youngstown College, and his M.A. degree from Western Reserve University. Among his many jobs are making the daily announcements, advising students in the choice of curriculum, and composing many reports to the faculty and to the student body. Mr. Meehan is pictured at his desk in the "Upper Office."

Consolidation will bring about some changes in the Ashtabula Harbor Exempted Village School Board. The Harbor Board will be dissolved and a new district School Board will be appointed by the State School Board. The members will be representatives from the Saybrook, Harbor, and Ashtabula districts.

At the time of the construction of Harbor High School the School Board president was Mr. C. W. Askew; Clerk, Mr. H. F. Bugbee; Treasurer, Mr. C. O. Gudmundson; Supt. W. E. Wenner; and members Mr. O. C. Topky and Mr. C. H. Brant.

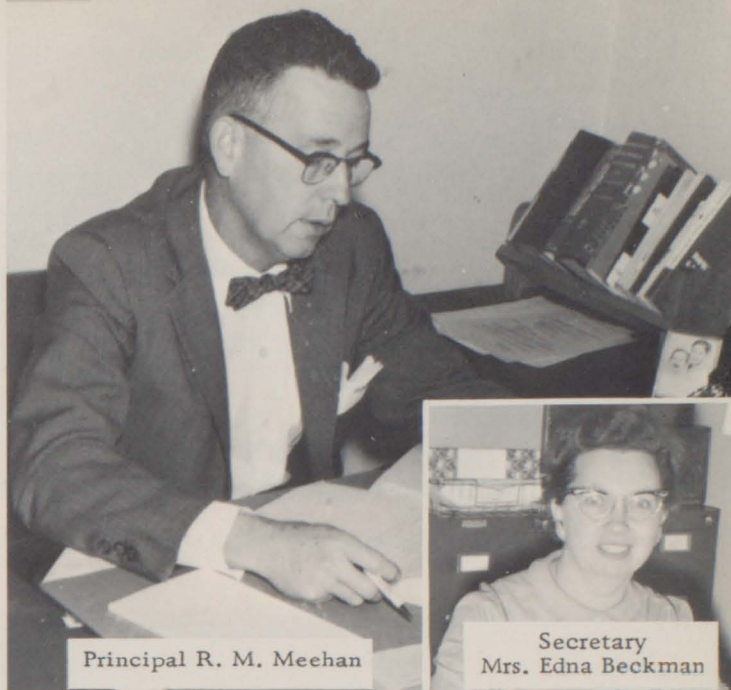

Through the years the School Board has served our community well. Among the more recent projects the Board has completed are: the new Thomas Jefferson Elementary School, an annex to Washington Grade School, Fawcett Gymnasium, and new desks and tile floors in the high school building. The Board must plan and direct each of the improvements.

Before consolidation the School Board was composed of Mr. James G. Laird, President; Mr. Paul Hakala, Vice-President; Dr. Carl Pearson, Mr. Clifford Hughes, Mr. John Huggins, Members; and Supt. Ralph S. Lanham. Mr. Robert Z. Koski was the appointed Clerk-Treasurer.

To qualify for the Board of Education one must reside in the school district, be a registered voter, and possess qualities of sincerity, honesty, and belief in public schools.

The duties of the School Board are: to determine all school policies and regulations, set up a teachers' salary schedule, purchase supplies and equipment, and employ all personnel. The Board is also responsible for pupil transportation by bus.

The members of the School Board receive no salary and are elected to 4 year terms. Mr. Ralph S. Lanham has been Superintendent of Harbor Schools since 1949. He advises the School Board on educational matters and puts the policies adapted by the board into effect. Dr. Carl Pearson has been a member of the Board since January, 1950 and has served as Vice-President. Mr. James G. Laird has been a member of the School Board since 1945. He is now serving as President. Mr. Paul Hakala has been on the School Board since January, 1946 and is Vice-President. John Huggins has been on the School Board since 1955. Mr. Clifford Hughes was the newly elected member and took office in January, 1960.

WIDE

The memory of John A. Fawcett will long remain in the hearts of those who knew him.

Mr. Fawcett was an educator in the Harbor School System for 33 years, 24 years of which he served as principal. In 1953, he voluntarily stepped down from the principalship to allow a younger man to assume the reins. Since then and up to his retirement in 1959, he taught mathematics and American government.

By anecdote and example, Mr. Fawcett made lessons interesting and well-remembered. Whenever illustrating a point in a classroom he had a humorous story which reflected his point in a way his listeners understood and remembered.

He was friendly with everybody. He maintained strict discipline in a way his students understood and respected--even liked.

The Harbor School System, in the naming of our gymnasium in 1953, has already shown our love and respect for our veteran educator.

This class of 1961, as well as the thousands, of Mr. Fawcett's former students, will long remember and thank him for being a truly dedicated teacher and friend.

## VALEDICTORIAN

Hal Forrest, with a 3.892 average, has worked four long years to receive the title of valedictorian of the last senior class graduating from Harbor High School. Hal's achievement isn't one of "all work and no play," for he has participated in many extra-curricular activities. He has played senior high football and basketball and has received letters in both sports, which made him a member of the Monogram Club. Hal is an active member of the National Honor Society and Senior Men's Club, which have helped in making him a well-rounded student. His plans for the future are to go to college and major in chemical engineering.

## SENIOR CLASS OFFICERS OF H. H. S.

The Senior class would like to tip their hats to these four senior officers for the fine job they have done this year. Through their efforts we have had concessions at the football and basketball games, parties, and dances for our money making projects. The Seniors have all enjoyed the fun-filled moments that came about through these endeavors. Again we thank you.

Left to Right: Mickey McNair, Vice-President; Barbara Kujanpa, Treasurer; Dick Dunnick, President; Darlene Ranta, Secretary.

## SALUTATORIAN

Running close to Hal and grabbing second honors of salutatorian is John Nuber with a 3.796 average. John also has not caged himself into the little world of a "bookworm." He has projected his radiant personality to those around him. He is the Vice-President of the National Honor Society and an active participant in the Senior Men's Club. John has been a movie operator, a member of the Latin and Spanish Clubs, and a very essential part of the yearbook's Photography Staff. John's future plans consist of going to college and achieving a Doctor's Degree in mathematics.

FIRST ROW, Left to Right: D. Gregory, P. Pohjala, M. Hinkle. SECOND ROW: J. Herlevi, M. Beckman, J. Beighley, THIRD ROW: H. Forrest, J. Nuber, P. Braski, P. Pearson.

## TOP TEN

Although the top ten of 1961 have burned the midnight oil many a night while studying, they still have made time for their extra-curricular activities.

Particularly active in football and basketball and a member of the National Honor Society is Hal Forrest with a 3.892 average. His close running mate, John Nuber, with a 3.796 average, has membership in the Latin and Spanish Clubs, and is the Vice President of the National Honor Society. Next comes Judy Herlevi carrying a 3.789 average while being an accomplished pianist, co-editor of the yearbook, and a member of the National Honor Society. The yearbook's other co-editor is Mary Hinkle with a 3.677 average. She participates in the National Honor Society and in cheering. Crossing the halfway mark and varying a 3.483 average is Judy Beighley, who belongs to such organizations as the Latin Club, National Honor Society, and Senior Girls. The chairman of the yearbook's art committee, Mary Ann Beckman, placing sixth with a 3.460 average, participates in the Latin Club and the National Honor Society. Paul Braski, who has a 3.452 average is active in football and basketball, and in the National Honor Society. Another active participant in these two sports and President of the National Honor Society is Peter Pearson, with a 3.320 average. In ninth place is Dianne Gregory, chairman of the yearbook's literary committee and a member of the Latin Club who carries a 3.210 average. In the final position with a 3.169 average is Patty Pohjala, an active member of the Senior Girls' Club and yearbook literary committee.

Judith Anne McKinlay, our foreign exchange student from New Zealand, has added much wit and charm to our Senior Class. Although, Anne, as she prefers to be called, got a late start at Harbor, this didn't keep her from making friends with many of the students. Anne's cheerful nature and friendly smile have made her popular with students of all grades.

Anne came to Harbor from Dunedin, New Zealand, where she went to an all-girls' school. There she was in her first year of college, having finished the equivalent of our high school course. She studied many more subjects in a year than we do here. Her senior subjects in high school include English, Spanish, psychology, typing, choir, American history, dramatics, and American government.

It was a great honor for Anne when she was chosen to study in the United States. After several postponements of her departure time, she finally boarded ship with several other exchange students and came to our shores. Anne has enjoyed living and studying in the United States, and we have enjoyed her acquaintance very much. All of us will long remember Anne.

## Our New Zealand Friend

Anne's hobbies include reading and participating in debates. Her interests are writing, dramatics, and music.

"In the school I admire your study hall periods, newspaper, clubs, and school spirit. I like the way most Americans are enthusiastic about whatever they're doing and they are always doing something, so that to stop and do nothing seems to be almost a crime." are Anne's thoughts of the United States.

## HIGH SCHOOL DEDICATION

Friday, October 11, 1912, was a red letter day in the history of Harbor High School. It seemed at first that it must be a dream whose delights would fade at the moment of waking. After pinching ourselves and rudely shaking one another we became convinced that we were really awake and that what we had seen in vision for years was a substantial reality. Where but two years ago ramshackle, old buildings and a frog pond obtruded their ugly features upon the sight a beautiful modern school home reflected the rays of the morning sun. Severely plain, simple and dignified in its exterior it impressed us all as suggestive of permanence and service. Nor was this impression changed as we stepped within. On every side there were evidences of good taste, careful planning and excellent workmanship. More than fifty rooms of varying sizes, fully equipped for their specific purposes, seemed almost vocal in their invitations to us to enter. As we wandered about the corridors our ears caught the strains of orchestral music coming from the commodious auditorium. Though the hour was early we found upon entering that a large company had already gathered and that the dedicatory exercises were in progress. Delight was pictured on every face. 'Twas little wonder that there was no room for tears except they be of joy. Upon the platform sat our old friends, Prof. Dickason and Prof. Harbourt, whose genial countenances alone would have chased away all gloom. But add to this the consciousness of our new possession and who would blame us if we comported ourselves as boys at a watermelon feast? Miss Prentiss, Dr. Twiss, and Commissioner Miller, also cheered us by their presence and their inspiring words. But these, our guests, were with us only for the day. Their words of goodly cheer will ever live in our memories. However let us not forget those whom we call our own--our fathers and mothers whose earnest solicitude, self-sacrifice and unremitting toil have made possible this splendid home. Through the passing years we hope these may find their highest satisfaction and reward in the consciousness of having builded wisely and well for us who are now upon the scene and for those who shall yet arise to call them blessed.

Long live our friends and Harbor High!

In attempting to find words appropriate for describing our beloved Harbor High School, we could find none better than these, reprinted from the 1913 MARINER, the first yearbook of Harbor High School.

## 1911-1961

Harbor High School was first established in 1890. From then until 1912, it was located in the Jackson Building, which is now a part of the high school system. After the completion of the new high school building, all of the high school classes were moved into it. Harbor High School has been in this building for the past fifty years.

William E. Wenner, pictured at left in his office, superintendent of the Harbor Schools from 1909, was superintendent when the new building was erected. He continued in this capacity until his death on January 13, 1949. From June of that year on, Ralph S. Lanham has been our superintendent.

The School Boards have been responsible for most of the changes and improvements in the Harbor School System, including the erection of the several buildings of the system and the construction of Wenner Field and the Field House, which was dedicated on September 26, 1925. The Board of Education pictured below guided the schools during 1912.

A school changes very much in fifty years. The style of dress, interests, and activities of its students progress and often are modified. Many of the school organizations during the 20's and 30's have been eliminated, including the Literary Societies, the Orchestra, and the separate Glee Clubs. Others have been added, so that there is a much greater variety of organizations now than ever before.

Styles in Yearbooks have undergone many changes. The first Yearbook of Harbor High School, that of 1913, was small in size and number of pages. It had a paper cover, and much more copy than pictures. Through the years the annuals grew so that now our Yearbook appears as you see it here.

It is often difficult for us to accept changes in our way of life. But in reviewing a period of fifty years, many alterations have been necessary so that improvements could be made.

Harbor High School has been outstanding in dramatics for many years. The picture at left is from the play, "Pride and Prejudice," presented in 1937 by the Dramatics Club. Other plays by prominent authors which have been performed by Harbor groups include "Our Town," "Berkeley Square," "Ice-bound," and "June Mad."

The Variety Show has been an annual production of the Harbor Schools for twenty years. This show gives many students and also teachers the opportunity to perform. Pictured at left are several teachers who did a skit in the 1945 Variety Show. Of the teachers pictured, Mrs. Ileta Eddy and Miss Ruth Wisman are still teaching at Harbor High School. Also from the 1945 Variety Show is the picture of the Spanish Club performance. Several clubs and other organizations produce skits similar to this, and there are also performances by individual students and teachers. Mrs. Helia Lehtinen has produced each of the Variety Shows, and she always puts in much time to make sure that each show is a success.

Features of the dramatics department through the years have been the Senior Class Play, the Junior Class Play, and the one-act play contests. During the last two school years, Harbor produced two complete musicals, "Oklahoma!" in 1959, and "The King and I" in 1960, with completely student casts.

All of the accomplishments of this department could not have been achieved without the guidance and direction of the dramatics teachers, past and present, who planned and directed each performance. Much of the credit for Harbor's fine reputation in dramatics belongs to them.

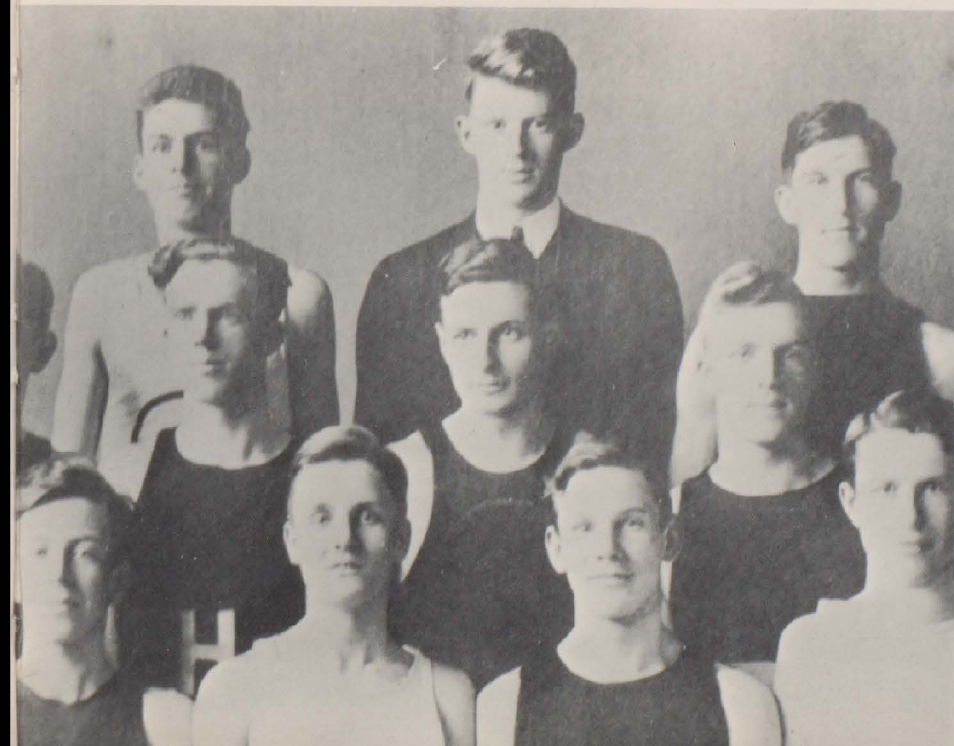

Sports are a very important part of Harbor High School's yearly calendar. Back in 1913, Harbor featured football, basketball, baseball, and track, and, in addition, girls' sports. During the years golf and freshman sports were added. This year, football, basketball, track, and golf are the featured sports.

Girls' basketball was a prominent sport in the earlier years of Harbor High. The Mariner girls won several championships in this sport, and also in baseball, as you can see in the picture at right.

Championship football and boys' basketball teams have been Harbor's good fortune many times during the past fifty years. Several records have been set and broken during these years. Peter Rasmus, a graduate of the class of 1924, went on to set the world's

record for the discus throw in 1929. In 1923 Harbor won four championships out of the five sports played that year. In 1926, Harbor swept the football, basketball, baseball, and track championships. This has continued right up to the present. Several of the many outstanding sports figures at Harbor included Florence Carey, Carl Olson, Fred Parnell, Robert Fuller, Elmer Peaspanen, and George Rasanen.

Championship teams are a result of hard work by the coaches and players and the support of the fans. Any school would consider itself fortunate to have had as many outstanding athletes and championships as Harbor has had.

Band and choir involve many students at Harbor High. The orchestra and glee clubs were earlier organizations in the music department, as the pictures show. With several concerts and contests each year, music plays a prominent part in each year's activities.

A musical organization can win honors much as a sport team can. The Harbor Band and Choir have often entered district and state contests, and have finished with first place honors in former contests, or with superior ratings in the more recent events. In addition, small ensembles and soloists also enter similar contests, and have consistently achieved high ratings.

The band is a very active organization during the school year. In the fall, the marching band and Pep Band perform at football games and pep rallies. After the football season, the concert band appears in concerts and for civic organizations, in addition to going to contests every few years. The Mid-Winter and Spring Concerts have long been a tradition for this group. The choir performs during the year in concerts, in the annual Christmas Meditation, and in contests. All of this activity is conducted by the music directors.

The band and choir are the main musical organizations of Harbor. These two groups have created a reputation for outstanding musical activity at Harbor High School.

## SPIRIT PREVAILS

Our spirit, like the Holy Grail,  
Is pure, much sought, divine.  
To gain it one must be supreme  
To hold it--most sublime.  
Long have men sought it--all in vain--  
They know not what they seek.  
Without perhaps a leper's bowl  
Within are traits unique.

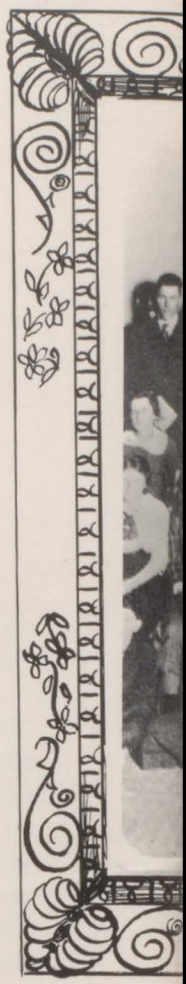

This spirit is not merely vim  
Good cheering, ardor, fire.  
It took endurance, sportsmanship,  
Much patience, great desire,  
Truth, loyalty, will power and  
Obedience (I will profess)  
To make the reputation for  
The spirit we possess.

This reputation was not made  
By our athletes alone.  
Each student, teacher, graduate  
Has built a stepping stone.  
Until, with a foundation strong,  
It weathers wind and gale  
And leaves no doubt to the question  
Does spirit there prevail?

The pond in summer prays for rain  
That it may still prevail,  
But Harbor Spirit, like our Lord,  
Will never cease or fail.  
Beginning when we enter school  
Increasing till the end,  
Continuing until our death  
It is a true Godsend.

ORGANIZ

ATIONS

# SENIOR MEN'S CLUB

The Senior Men's Club was originated in 1959. Each year the boys in the Senior class must vote to determine whether or not the club will be continued.

The organization is mainly a social group. It does, however, render many services each year. As one service to the community its members patrol the Harbor district during Halloween to protect private property.

This year the club formed an executive council instead of electing officers.

Mrs. Lehtinen and Goddess of Liberty Jean Hakala.

"Twenty years of Mariner Variety Shows--this means that over 2,000 students have acted, danced, pantomimed, played instruments, clowned, and in general, entertained the people of our community. They have all been excellent shows and, I feel, have contributed much to the participants and to the viewer. I hope the show goes on forever," quoted from Mrs. Helia Lehtinen. Mrs. Lehtinen has been director for twenty years besides being originator.

As tradition the Senior Girls opened the show by singing and introducing Miss Varieties, Judith Herlevi. A pantomime followed by Sally Sulin. "Sorry, Wrong Number" was the name of the Sophomore Class play presented before the old favorites, Brenda and Cobina, Judi Beighley and Lonnie Riippa. "After You've Gone," "It's the Talk of the Town," and "Basin Street Blues," were played by the Dance Band. Mr. Blake sang "Baby Face" and "Oh, You Beautiful Doll" while the chorus line of male faculty danced. "People will say We're In Love" was sung by Jean Hakala and Art Sheppard. The Spanish Club presented a skit, Chiquita, Banana and Mrs. Eddy's Hot Tamales. A scene from Antigone was portrayed by Sherry Lamb, Antigone, and Barbara Kujanpa, Ismene. Linda Macaro sang "Bali Hai."

# DARLENE REIGNS AS HOMECOMING QUEEN

One of the most exciting and thrilling events in the memory of Harbor seniors is the annual Crowning of the Homecoming Queen and the recognition of her court.

Five senior girls were nominated by the Senior Class for the honor. After a vigorous campaign and a special assembly program, the voting was held.

After a beautiful processional held at the half-time of the Harbor-Spencer game, the girls stepped onto the field and the crowd waited with anticipation as the Queen, Darlene Ranta, was crowned by co-captains Peter Pearson and Richard Dunnick.

Mary Ann Beckman, Barbara Kujanpa, Mary Hinkle, and Bernice DeAnna were the members of the court.

Here we see Miss Kincade instructing one of her French classes.

## ENTERING

Miss Shirley Kincade joined the Harbor faculty at the beginning of the second semester to replace Mr. Tompkies.

Miss Kincade came to Harbor from Huntington, West Virginia, where she graduated from Marshall College with a Bachelor of Arts degree.

She teaches French and English and is advisor to the French Club.

Mr. Hurd came to Harbor at the beginning of the second semester to fill the vacancy left by Mr. Soltys.

Mr. Hurd graduated from Ohio University with a Bachelor of Science degree in education. He entered Ohio State in Pre-Dentistry, but after the first year he transferred to education. After one and a half years at Ohio State he transferred to Ohio University, where he completed the last two years of his education. He received majors in physics and chemistry and a minor in mathematics. He took his student teaching at Chillicothe, Ohio.

While in college Mr. Hurd played in the Dance Band and belonged to the Acacia Fraternity. Since he has been at Harbor he has become the director of the Dance Band and the Madrigals.

Below, we see Mr. Hurd attempting a physics experiment.

# LEAVING

MRS. CLARA ALFORD

Mrs. Clara Alford graduated from Harbor High in 1909 with a class of only fourteen members. During the many years she has taught at Harbor, she has seen the school grow and grow until the graduating classes now average close to one hundred members.

Mrs. Alford began her teaching career before even attending college. For one and a half years she taught in country schools. She then went to Hiram College and in 1914 received her B.S. degree there. Later she attended Western Reserve University where she acquired her Master's degree.

After teaching in Hiram Public Schools, North Kingsville, and Grand Marais, Michigan, Mrs. Alford came to Harbor in 1920. She taught two years and after five years of not teaching returned again in 1927. She has continued to teach here ever since. She has taught a variety of courses, in math, Latin, and English.

Many girls will remember the opportunities for good times they have enjoyed in Junior Y-Teens, of which Mrs. Alford has long been advisor. For many years she was also the advisor of Senior Y-Teens. She has been the sponsor for the Honor Society as well.

Mrs. Alford was leader of the Lone Star Girl Scout Troop for seventeen years. She was one of several who first started scouting in our community.

She enjoys such pastimes as embroidering, cooking, and crocheting.

This is Mrs. Alford's final year here, and we at Harbor wish to express our gratitude to her for the many years of dedicated services she has given to the school and community, not only as an outstanding teacher but also as a leader of many other activities. We hope that she will enjoy many happy years of retirement.

## NORBERT SOLTYS

Norbert Soltys graduated from Alliance College as a mathematician. He soon decided, however, that he would like the teaching profession, and so went on to Edinboro State Teachers College. After receiving his degree, Mr. Soltys came directly to Harbor, where he began his teaching career.

Mr. Soltys' first coaching position at Harbor was as assistant to head coach Robert Sonnhalter in 1952, his first year here. He was in full charge of the line, and he taught the boys some of the tricks of playing ball learned from his former experiences with the semi-professional Detroit Tars. He also had three years of valuable college football experience.

After becoming head football coach, Mr. Soltys led the Harbor teams to victory after victory, and they piled up an amazing record during the years that he was here. The Western Reserve League Crown was won in 1956, tied for in 1957, and won again in 1958 and 1959. Mr. Soltys was also assistant Senior High Basketball coach. He taught physics and several math courses here at Harbor.

Mr. Soltys left teaching to take a position in industry. We at Harbor feel fortunate that he spent his years in the teaching profession at our school. We wish to express our thanks and appreciation to this outstanding coach and teacher.

We, the Senior Class of the year nineteen hundred-sixty-one, in order to lessen the pain that the school must of course feel for losing us, and in order to give our successors, the juniors, at least a chance to struggle up to our exalted standards and traditions, do hereby bequeath unto those fortunate, though unworthy ones, the following of our best personal traits and possessions:

#### OUR THANK-YOU . . .

A Yearbook is not the product of the work of two people, ten people, or even twenty people. It takes many people to produce a Yearbook, some whose work is recognized, and some who are behind the scenes. We would like to thank everyone who helped to make our 1961 MARINER a reality.

In composing our annual, we needed the assistance of several people outside of Harbor High School. Mr. and Mrs. Henry Brink, Mrs. Helia Lehtinen, Miss Edna Johnson, and the workers at the Topky Memorial Library have greatly aided in the gathering of the

historical material which we have used in this book. Thank you for all of your research.

The people who have really made possible the financing of the annual are the subscribers, the patrons, and, of course, the advertisers. Without your aid, there would have been no Yearbook. Thank you for your faith in our ambitions.

To our faithful advisors go our hearty thanks. Mr. Jones has listened to all of our problems and has helped us to solve them. He has always been sympathetic, and has often bolstered our morale. Mr. Wasulko, our class advisor for three years, and Miss Dempsey, class advisor this year, have given our class many ideas for making money and have guided our finances. Mr. Meehan has co-operated with us often on taking pictures and arranging schedules. Thank you for giving us your time and advice.

Our greatest thanks go to our Yearbook committees. The Layout Committee has set up the entire book and has put in many long, hard, and hectic hours. Their planning has determined the functions of each of the other committees. Even though the Typing Committee has often had to put up with last-minute emergencies, they have always been reliable and have done a commendable job. The Literary Committee has supplied most of the information in our book, and has found several interesting facts, including those in the Senior Section and the Last Will and Testament. The beautiful work on the divisor pages and the other pieces of art in this annual are the product of the very talented Art Committee. Although the Photography Committee has often been confused by our vague sizes and descriptions, they have still done a fine job and have developed many amusing pictures. The "super saleswomen" on our Subscription Committee have sold many more books than we dreamed of selling. The Advertising Committee, with its many good workers, has brought in advertising far beyond our expectations. Thank you, one and all, for putting up with us, and for giving us so much of your time and talents.

To all of these people go our sincerest thanks for a job very well done. We hope that you will all have many happy memories from working on the 1961 MARINER Yearbook.

Sincerely,

*Judy and Mary*

. . . and our thank you. The Yearbook committee wishes to thank those who so kindly helped in making it possible for us to have our Yearbook.
